II. FEMA 404 and 406 Hazard Mitigation Expertise;
III. Financial and Grant Management Support;
IV. Data Management;
V. HUD CDBG-DR Support;
VI. Pre-Disaster Cost Recovery Planning; and
VII. Long-Term Disaster Recovery Planning.

SCOPE OF SERVICES
The selected contractor will assist the jurisdictions in strategically managing the jurisdictions' project development and administration of various Federal and State Disaster Programs related to Presidentially declared emergencies or disasters that occur during the term of this contract. Such Federal Programs may include, but are not limited to: FEMA Public Assistance (PA), FEMA 404 Hazard Mitigation Grant Program (HMGP), HUD Community Development Block Grant Disaster Recovery, Federal Highway Emergency Relief Program, the Federal Transit Administration Emergency Relief Program, or the FEMA Community Disaster Loan (CDL). In addition, the awarded firm will also provide project development and grants management services for any existing, open disaster recovery efforts. Examples of disaster recovery services that may be required, include:

I. FEMA Public Assistance Advisory Services
   1. Develop a process/system to efficiently submit Federal grant applications, identify eligible projects, capture costs, prepare cost reports, reconcile invoices, and close-out projects.
   2. Attend meetings with relevant local, state, and federal officials to address eligibility and process issues, at the request of the client.
   4. Proactively identify and resolve issues that may arise related to the funding of work completed or to be completed.
   5. Provide technical assistance, as requested. Technical assistance may involve engineering, cost estimating, and architectural support, among other types of assistance.
6. Assess damage to public infrastructure components, transportation systems, and facilities, as needed.

7. Obtain, analyze and gather field documentation, including gathering relevant records in order to extract pertinent information necessary for submittal including timekeeping and staff assignment records.

8. Review for all data and supporting documentation to determine whether costs appear eligible and are adequately supported.

9. Evaluate and assist in the formulation of FEMA PA Emergency and Permanent Work Project Worksheets. This will involve expertise in Cost Estimating, developing Detailed Damage Descriptions and Dimensions (“DDDs”) and a project’s Scope of Work (“SOW”).

10. Assist in the development of hazard mitigation proposals under Sections 406 and 404 of the Stafford Act.

11. Evaluate alternate and/or improved projects.

12. Evaluate the appropriateness of the use of FEMA pilot programs including the Section 428 Public Assistance Alternative Procedures for Permanent Work and Debris Removal.

13. Review Project Worksheets to determine final eligible costs and third party refunds and reimbursements.

14. Reconcile eligible costs and prepare Project Worksheet versions, as necessary.

15. Prepare first and second appeals, and arbitration as requested.

16. Monitor reconstruction efforts, reconcile change orders with PW scope of repair, and prepare progress payments.

17. Perform PW closeouts.

18. Prepare projects for audit.

19. Respond to audit findings, as required.

II. FEMA 404 and 406 Hazard Mitigation Expertise

1. Assist in identifying, developing and evaluating opportunities for hazard mitigation projects to reduce or eliminate risk from future events.

2. Prepare hazard mitigation proposals, grant applications, benefit cost analysis, and other services related to Hazard Mitigation Grant Program, Pre-Disaster Mitigation, and other mitigation programs.

III. Financial and Grant Management Support

1. Advise on FEMA’s policies, regulations, practices and procedures and how to track costs, including direct administrative costs to facilitate reimbursement for all eligible client costs, including contractor costs.

2. Provide general grant management advice.
3. Perform internal controls assessment.
4. Conduct pre-audit activities and prepare disaster recovery projects for audit.
5. Meet as necessary with City/County/State/Federal representatives in connection with the programmatic, financial, contracting and accounting services related to Federal and State regulations.

6. Prepare required reports, including the Public Assistance Quarterly Progress Report, for the State and FEMA, as needed.
7. Provide oversight of contractors’ billing to ensure that they invoice in accordance with their contract, and that all costs eligible for the disaster grant funding are documented and claimed.

8. Categorize, record, track and file costs in support of the financial reimbursement process. Track Project Worksheet status and status of payment from the State.

9. Assist in providing interagency (Federal, State, County, City) coordination and technical support, as well as identifying funding resources that may be available to assist in the long-term recovery process.

IV. Information Technology, Data Management and Reporting Support

1. Design and develop IT solutions that support the management and implementation of the disaster recovery programs.
2. Manage data for disaster recovery programs.
3. Provide expertise using systems to report information to assist in the management of the disaster recovery programs.
4. Provide expertise to analyze data and information for process improvement and optimization.

V. HUD Community Development Block Group Disaster Recovery (CDBG-DR) Support Services

1. Provide knowledge, experience and technical competence in the planning, administration, and implementation of eligible CDBG activities as identified at 24 CFR 570 and modified or waived under the Federal Register allocation of the CDBG-DR funds.
2. Conduct unmet needs assessments that identify type and location of the community’s disaster recovery needs especially in the three core aspects of recovery – housing, infrastructure, and the economy.
3. Provide extensive knowledge of CDBG eligible activities and national objectives particularly as they apply to disaster recovery.
4. Provide technical assistance as requested including HUD level environmental reviews and clearance and other cross-cutting federal requirements such as procurement, federal labor standards, fair housing, accessibility, uniform administrative requirements, and monitoring and compliance.

6. Develop policies and procedures for implementing CDBG-DR funded programs and activities including contractor, subcontractor, and sub recipient oversight and monitoring.

7. Maintain project files with supporting documentation for all CDBG-DR funded activities.

VI. Pre-Disaster Cost Recovery Plan Development

1. Develop the general framework, processes, and tools to facilitate cost recovery activities associated with a federally declared disaster.

2. Identify the primary roles and responsibilities of stakeholders to effectively coordinate the provision of Public Assistance, as well as other federal grant funding programs.

VII. Long-Term Disaster Recovery and Redevelopment Planning

1. Develop the general framework, processes, and tools to facilitate a long-term disaster recovery and redevelopment activities associated with a federally declared disaster.

2. Specify the triggering event for the transition from response to recovery.

3. Conduct an in-depth analysis of existing plans, policies, and procedures related to recovery and redevelopment.

4. Establish clear roles and responsibilities for all recovery and redevelopment stakeholders.

   Develop a list of proposed next steps or actions to improve recovery and redevelopment policies.

CONTRACTOR EXPECTATIONS
