The Caregiver Resources Directory is provided to you by the Land of Sky Regional Council’s Family Caregiver Support Program.

The National Family Caregiver Support Program (NFSCP) was established to help family and informal caregivers care for their loved ones at home for as long as possible. At Land of Sky, we help caregivers residing in Buncombe, Henderson, Madison, and Transylvania counties by providing them with:

• Information to connect them with the right resources
• Referrals for counseling, support groups, and educational programs
• Financial assistance for respite (short-term relief)
• Short term and one time only services

Land of Sky Regional Council is a multi-county, local government, planning and development organization. We reach across county and municipal borders providing technical assistance to local governments and administer projects and programs which benefit our region’s citizens.

Land of Sky’s mission is to provide creative regional solutions to relevant and emerging issues in Buncombe, Henderson, Madison, and Transylvania counties while providing a standard of excellence in the delivery of federal, state, and regional services for our member communities.
