INTRODUCTION

Every day in our community disabled or older people and their families are facing the challenge of finding accessible and affordable long-term care services. This directory is designed to help them in their search. It provides information on residential settings for seniors and disabled persons available in our community. This information is subject to change and is listed with that understanding.

Many citizens are unaware of the great variety of social and health services that are available. Until sudden illness or chronic disability forces us to seek them out, we may not be familiar with the opportunities that exist in our communities. This directory offers a place to start the search for long-term care services, and gives individuals and their families a chance to plan for their present and future needs. The different types of long term care residential settings are discussed to assist you in identifying the kind of care you need.

This directory was developed by the Land of Sky Regional Council’s Area Agency on Aging Ombudsman Program. Regulations require that Ombudsmen work as advocates for residents of licensed facilities. This is limited to residents of nursing homes, adult care homes, and family care homes. This directory was expanded to include other types of long term care housing that may or may not offer additional services. Please call us at (828) 251-6622 to obtain copies or go to our website: www.landofsky.org.

HOW TO USE THE GUIDE

Facts about local long term care facilities and senior/disabled rental housing are included to help the consumer learn about and compare available options. Care has been taken to ensure accuracy; however, changes are frequent. Consumers are encouraged to contact the community listed directly to verify and update information. Housing is organized by the County beginning with Buncombe, then Henderson, Madison and Transylvania. Pages are color coded to help you find all housing of a particular type efficiently. Nursing Homes are the purple section. Assisted Living / Adult Care Homes are the green section and Family Care Homes are the gray section. Multiunit Assisted Housing with Services, CCRC’s, Independent Living Communities and Additional Resources are in the blue section.

NOTATIONS:

SCU Special Care Unit for persons with Alzheimer’s or related disorder in a licensed adult care home.

SN Skilled Nursing
NURSING HOMES

Nursing homes provide care to persons who are chronically ill or recuperating from an illness or injury and need 24 hour nursing care and other health services but not hospitalization. They usually provide rehabilitation programs, assistance with personal care, social activities, supervision, and basic room and food services. Nursing homes are licensed by the North Carolina Division of Health Service Regulation and most are certified for Medicare or Medicaid reimbursement.

Nursing homes have an administrator who has the responsibility of managing the facility. A licensed nurse serves as Director of Nursing (DON) and supervises the residents’ personal care. Certified Nursing Assistants (CNAs) provide routine care. The number of CNA’s on duty depends on the number of residents. Social workers, activity coordinators, physical therapists and dietary staff provide specific services in the facility.

The Division of Health Service Regulation (DHSR) is a part of the North Carolina Department of Health & Human Services (DHHS). DHSR inspections are conducted annually and complaints are investigated when reported. Facilities that accept residents receiving Medicaid and Medicare are certified by the Division of Medical Assistance (DMA) and must post their inspection reports. The Western Regional Office of the Division of Health Service Regulation is located in Black Mountain, (828) 669-3373.

Under North Carolina’s Nursing Home Bill of Rights, all residents are to be treated with respect, consideration, and full recognition of personal dignity and individuality. The Regional Long-Term Care Ombudsman (an advocate for the residents) and your local Nursing Home Community Advisory Committee work to see that these rights are respected.

THE COST OF NURSING HOMES
The cost of nursing home care often seems overwhelming to the resident and his/her family. Facilities typically charge $3700 - $6000 per month. This cost covers 24 hour nursing care, meals and most services. Most facilities will charge additional monthly fees for a private room. Residents receiving Medicaid do not pay an additional fee for laundry services or haircuts. Ask the appropriate facility personnel about these costs and charges.

Over 70 percent of the residents in nursing homes receive Medicaid – an entitlement program for those with limited incomes and resources. Often residents enter a facility with their own resources and then convert to Medicaid when their personal funds are spent. A private pay resident may not be discharged from a facility certified to serve Medicaid residents only because he or she needs Medicaid to reimburse the facility. Medicaid reimburses facilities for the “cost of care” (which includes wheelchairs, medical transportation, bandages, etc.). Residents should inquire about the costs associated with their care before they pay for additional services from their own funds. Call the Medicaid eligibility worker at the Department of Social Services if you have questions about what Medicaid covers and to see if you are eligible.

People who have Medicare and are in a nursing home may receive limited coverage of their stay. Medicare only pays for specific needs and procedures such as rehabilitation therapies. A physician must certify the resident’s medical care needs. The resident is evaluated on admission and a determination is made then about Medicare coverage. Currently, Medicare may cover up to 100 days of nursing home care; however, the resident is responsible for a co-payment after the 20th day of Medicare coverage. This co-payment amount changes annually and is approximately 20%. If the resident has a Medicare supplemental policy the co-payment may be covered, as long as the physician determines that the individual continues to need “skilled care.”

Some older adults have insurance policies that will cover some, if not all, of the costs of nursing home care. These policies should be read carefully to determine what level of care is covered. Veterans may also be eligible for assistance from the Veteran’s Administration. Ask if the facility handles insurance billing. Residents eligible for Medicaid will receive a small Personal Needs Allowance to purchase personal items. Most facilities charge the private pay daily rate to “hold the bed” should the resident have to be hospitalized.

HOW TO APPLY FOR A NURSING HOME
The Admission Coordinator of the nursing home will assess the applicant’s medical and social needs and will provide the necessary forms. A contract will include the cost of care and other services. All residents entering a nursing home are required to have an FL-2 form completed by their physician. This FL-2 form may be obtained from the County Department of Social Services, the physician, or from the nursing home itself.

An individual care plan will be developed to meet the resident’s medical and social needs. The resident and family members should be involved in the care planning at the time of admission and thereafter on an ongoing basis.
LIFE IN THE NURSING HOME
Residents in facilities should be allowed and encouraged to participate in the activities of day-to-day life as much as they are able. A Resident’s Council provides the opportunity for residents to have input into the life of the facility. Family, friends, colleagues, and church members should be encouraged to visit the resident and continue the relationships that they have had in the past. If the resident or the family has a concern, he/she should feel free to discuss the issue with the Administrator.

Many facilities encourage family involvement with family nights and Family Council meetings. Residents who are private pay may leave the nursing home to visit their families as long as the daily rate is paid at the nursing home. Those receiving Medicaid are allowed to take 60 days of therapeutic leave per year to visit their families if they are medically approved.
ASSISTED LIVING

In North Carolina “Assisted Living Residence” means any group housing and services program for two or more unrelated adults, by whatever name it is called, that makes available, at a minimum, one meal a day and housekeeping services and provides personal care services directly or through a formal written agreement with one or more licensed home care or hospice agencies. The department may allow nursing service exceptions on a case-by-case basis. Settings in which services are delivered may include self-contained apartment units or single or shared room units with private or area baths. Assisted living residences are to be distinguished from nursing homes subject to provisions of G.S. 131E-102.

There are three types of assisted living residences: adult care homes, group homes for developmentally disabled and multiunit assisted housing with services.

“Adult Care Home” is an assisted living residence in which the housing management provides 24-hour scheduled and unscheduled personal care services to two or more residents, either directly or, for scheduled needs, through formal written agreement with licensed home care or hospice agencies. Some licensed adult care homes provide supervision to people with cognitive impairments whose decisions, if made independently, may jeopardize the safety or well-being of themselves or others and therefore require supervision. Medication in an adult care home may be administered by designated, trained staff. Adult care homes that provide care to two to six unrelated residents are commonly called family care homes. Adult care homes and family care homes are subject to licensure by the Division of Health Service Regulation.

“Group Homes for the Developmentally Disabled” are licensed by the Mental Health Licensure Branch and do not fall under the Ombudsman Program. For more information contact your behavioral health service provider. The Area Agency on Aging at Land of Sky Regional Council is in Region B and the provider is Smoky Mountain Behavioral Health at (828) 586-5501.

“Multi-unit Assisted Housing with Services” means an assisted living residence in which hands-on personal care services and nursing services which are arranged by housing management are provided by a licensed home care or hospice agency, through an individualized written care plan. The housing management has a financial interest or financial affiliation or formal written agreement which makes personal care services accessible and available through at least one licensed home care or hospice agency. The resident has a choice of any provider, and the housing management may not combine charges for housing and personal care services. All residents, or their compensatory agents, must be capable, through informed consent, of entering into a contract and must not be in need of 24-hour supervision. Assistance with self-administration of medications may be provided by appropriately trained staff when delegated by a licensed nurse according to the home care agency’s established plan of care. Multi-unit assisted housing with services programs are required to register with the Division of Health Service Regulation.

ADULT CARE HOMES AND FAMILY CARE HOMES

Adult Care may be the answer for the older person who is not able to live independently, but who does not need nursing home care. Commonly referred to as “Rest Homes” or “Assisted Living”, Adult Care Homes are licensed by the NC DHSR to provide assistance with activities of daily living (ADL).

Two types of Adult Care Homes serve disabled and older adults:

Family Care Homes (FCH) are small homes that provide care for up to six people in a family-like setting. These homes are often found in residential communities and have around-the-clock or live-in staff that prepare meals, supervise medications and provide help with dressing and other needs.

Large Adult Care Homes (ACH) serve seven or more people. They, too, provide assistance with meeting the residents’ daily needs, and they have staff on duty 24 hours a day. Some nursing homes have ACH beds on site for those who do not need nursing care.

Adult Care Homes have an administrator who is responsible for managing the facility and a supervisor-in-charge (SIC) who oversees resident care. Aides provide assistance to the resident. The number of aides on duty is determined by the number of residents. Licensed nurses are not required in adult care homes, although some have nurses on duty.
Special Care Units (SCU) for persons with Alzheimer’s disease or related disorders means an entire facility, wing or hallway within an adult care home separated by closed doors from the rest of the home, or a program provided by an adult care home, that is designated or advertised especially for special care of residents with Alzheimer’s disease or related disorders. Refer to page 17 for a list of Special Care Units in the Land of Sky region.

The County Department of Social Services monitors Adult Care Homes at least bi-monthly and may be contacted if a resident or family member has a concern or complaint about the care being provided. Under North Carolina’s Adult Care Home Bill of Rights, all residents are to be treated with respect, consideration and full recognition of their personal dignity and individuality. The Regional Long-Term Care Ombudsman and the local Adult Care Home Community Advisory Committee work to see that these rights are respected.

THE COST OF ADULT CARE HOMES
The cost of adult care varies from facility to facility, ranging from $1200- $6000 a month. This includes three meals daily, activities, transportation to medical appointments, laundry, personal care and the supervision of medication administration. A few facilities require an additional entry fee. For those on limited incomes, State/County Special Assistance (SA) may help cover the cost of adult care homes. An individual’s own income is applied first to the monthly cost of care, then SA supplements this income up to the NC maximum adult care home payment rate. Residents receiving Special Assistance receive a small Personal Needs Allowance ($66) monthly to cover the cost of personal items. Contact your local Department of Social Services to find out if you are eligible.

Some Adult Care Homes only accept “private pay” residents who are able to cover the cost of care themselves. Others accept those who are private pay as well as those who receive Special Assistance. Some facilities increase the private pay rates as additional personal care is needed. All services provided in the monthly rate should be included in the contract. A resident receiving SA should not be charged for additional services.

HOW TO APPLY FOR ADULT CARE HOMES
All people applying for admission into an Adult Care Home are required to have an FL-2 form; a physician authorized medical form describing the residents’ care requirements. This form may be obtained from the facility administrator, a patient’s doctor or the County Department of Social Services. If State/County Special Assistance is needed, the person seeking assistance applies at the Department of Social Services in the county where he/she lives. Otherwise, the resident and the facility simply enter into a contractual agreement. Some facilities require a deposit.

A guardian must sign the contract for residents who have been declared legally incompetent.

LIFE IN AN ADULT CARE HOME
The daily routine in adult care homes should resemble, as much as possible, routines followed when living independently. Activities are offered and residents are encouraged to participate. Some residents are able to leave the home on their own. Most are able to participate in organized activities outside of the home such as occasional shopping trips.

Upon admission, the home will provide the resident with a copy of its policies on smoking, visitation and other matters. Private pay residents may leave the facility to visit with their families as they wish. Those who receive Special Assistance may leave for up to 30 days at a time.
MULTIUNIT ASSISTED HOUSING WITH SERVICES

Multi-unit Assisted Housing with Services do not fall under the Ombudsman Program’s jurisdiction; however, if you have concerns that such a facility is operating as an adult care home and not providing services as defined on page 5 please file a complaint with the Complaint Intake Unit at 1-800-624-3004 or call the Ombudsman Program. If you have other concerns about a multi-unit housing residence call Adult Care Licensure at (919) 855-3765.

Under the disclosure statement a Multi-unit Assisted Housing with Services Resident must provide the following to the Department of Health Services Regulation:

a. Emergency response system;
b. Charges for services offered;
c. Limitations of tenancy;
d. Limitations of services;
e. Resident responsibilities;
f. Financial/legal relationship between housing management and home care or hospice agencies;
g. A listing of all home care or hospice agencies and other community services in the area;
h. An appeals process; and
i. Procedures for required initial and annual resident screening and referrals for services.

PURPOSE / MEALS FOR MULTIUNIT ASSISTED HOUSING

The purpose of Multiunit Assisted Housing with Services is to provide housing and assist with coordination of personal and health care services through licensed home care agencies. No resident monitoring or supervision is provided by facility staff. Like any independent apartment setting, a multiunit assisted housing with services tenant commonly signs a lease agreement and pays monthly rent. Multiunit assisted housing with services may be housing with or without subsidized rent. Supportive services are optional to the resident, and the resident must have a choice of care providers. Payments for personal or nursing care may not be combined with charges for housing. One to three meals per day are provided according to individual contract for services agreement.

THE COST OF MULTIUNIT ASSISTED HOUSING

Note that Medicare, Medicaid and State/County Special Assistance (SA) does not cover the cost of living in multiunit assisted housing with services. These residences are strictly private pay. However, the provision of personal and medical care may be covered by long term care insurance or NC Home and Community Care Block Grant, Medicare, or other medical insurance if the services meet coverage requirements of the specified insurance company.

TYPES OF RESIDENTS IN MULTIUNIT ASSISTED HOUSING

It is assumed that all residents will be independent enough to arrange for the provision of their personal care or have an agent acting in their behalf; will be competent to sign a lease agreement; and will not require 24 hour supervision.
CONTINUING CARE RETIREMENT COMMUNITIES (CCRC)

Continuing Care Retirement Communities (CCRC) offer an attractive living alternative for retirement age individuals and couples. Also known as continuing care facilities and life-care communities, these communities differ from other retirement options by providing housing and health-related services either for life or for a period in excess of one year. “Continuing Care” is defined by North Carolina General Statutes as, the furnishing to an individual other than an individual related by blood, marriage, or adoption to the person furnishing the care, of lodging together with nursing services, medical services, or other health related services, under a contract approved by the Department (DHSR) for the life of the individual or for a period longer than one year. Continuing care retirement communities, subject to regulation by the Department of Insurance under Chapter 58 of the General Statutes, are exempt from the regulatory requirements for multi-unit assisted housing with services programs. Generally, prospective residents must be capable of independent living when they enter the community.

The typical CCRC provides independent accommodations that may include full or efficiency apartments, villas, or cluster homes as well as community dining, social and recreational areas, and a wide range of services including meals, housekeeping, transportation, and health-related services. In North Carolina, CCRCs offer either nursing home or adult care home level of care, and may provide both. These care levels must meet DHSR regulations. Depending on the individual community, these accommodations, activities, and services may be paid for in a monthly fee or purchased as needed. Usually a substantial entrance fee is charged in addition to monthly fees. Entrance fees can be non-refundable, partially refundable, or fully refundable. The majority of CCRCs are private pay, although a few have some subsidized units.

Continuing care communities typically offer one (or more) of four types of agreements or contracts, as defined below:

Extensive, or life care, contracts provide independent living and health-related services in exchange for a price, usually consisting of an entrance and monthly fees. No additional fees are generally required as one moves from one level another.

Modified contracts provide independent living and a specified amount of health-related services in exchange for an entrance fee and monthly fees. Health-related services are provided at a subsidized rate or are free for a specified number of days.

Fee-for-service contracts provide independent living and guaranteed access to health-related services in exchange for an entrance fee and monthly fees. Health-related services are provided at the going, full per diem rate.

Equity contracts involve an actual real estate purchase, with a transfer of ownership of the unit. Health-related service arrangements vary.

Because CCRCs include contractual requirements where, for certain fees, the facility agrees to provide health care coverage over a given period of time, they are considered an insurance product and are regulated by the NC Department of Insurance.

For more information or additional questions regarding CCRC’s, contact the North Carolina Department of Insurance at:
1-800-546-5664 (NC only)
1-919-807-6750

INTRODUCTION
INDEPENDENT LIVING (RENTAL) COMMUNITIES FOR SENIORS AND DISABLED

Housing for older adults, or retirement housing, does not always fit neatly into categories. Definitions are often confusing. Terms such as “retirement community” are used to describe a wide range of very different housing arrangements. New combinations, services and financial arrangements are emerging rapidly, creating new models that may not easily fit a standard definition.

In this section of the directory, for Region B, we have attempted to include independent living communities that are rented on a monthly basis, limited to residents of a certain age or disability, and that may or may not offer additional services such as meals, transportation, housekeeping, etc. Under the name of each community, in the “rent” category, you should be able to determine if the community is subsidized, accepts Section 8, or is private pay only.

Below are some common terms and definitions used for elderly independent living housing. Because many of North Carolina’s developments and facilities have waiting lists, particularly for moderately priced and subsidized housing, it is wise to plan well in advance to the extent possible.

**Elderly apartment** includes many types of apartments that are specifically intended for older persons, or elderly and disabled. Such apartments may have special features or services for older residents, or may be exactly like any other apartment building except for the age restriction. These apartments may be in public housing or other subsidized housing, or they may be private pay.

**Congregate housing** is a term for a wide range of independent housing where services may vary considerably. Such housing may be subsidized or be a private pay type of housing for seniors where supportive services are available, including the opportunity for residents to have at least one meal per day in a central dining area. Ideally services are tailored to the individual's needs including recreational and social activities, special diets, housekeeping, laundry and transportation.

**Public housing** are federally-supported housing units operated by local public housing authorities. Families or individuals pay 30 percent of their incomes in rent. Units may or may not be specifically designated elderly apartments.

**Subsidized housing** includes a group of housing programs for low-income people. In many, residents pay 30 percent of their adjusted income for rent. Others charge the same rent for all units of the same size, but rents are lower than that in comparable private housing. Units may or may not be designated as elderly apartments.

**Section 8 Vouchers** are a rental assistance program of the U.S. Department of Housing and Urban Development (HUD). These vouchers enable low-income people to rent a dwelling of their choice in the community if it meets certain standards set by HUD. They are provided to eligible individuals through the local public housing authority and HUD pays a portion of the rent based on the tenant’s income. Vouchers are available to adults of all ages and in many communities there are waiting lists.

**Adult Communities** are designed to attract active retirees by offering social activities, recreational facilities, and services of interest to those of retirement age. These developments might consist of single-family (detached) dwellings, manufactured (mobile) home parks, town homes, apartments and other types of dwellings.

“**Naturally occurring retirement communities**” are communities that are not designed specifically for an older population but still have a majority of older residents. They may attract older adults for various reasons, including their location; services and amenities of interest; nearness to health care, shopping and other services; affordability; and ease of upkeep. Some are simply communities of mostly older adults where long-term residents have “aged in place.” These often are not formal retirement living arrangements.

**Shared housing** can be described in two basic types: shared group residences and home-sharing. Shared group residences are those in which none of the people living there own the dwelling, but they pay rent for private space (e.g., room and bath) and shared common areas. Usually sponsored by non-profit organizations, these residences sometimes offer such supportive services as transportation and meals through agreements with human services providers. In home-sharing, two unrelated people live together in a share home or apartment, each having private space yet sharing common living areas. Home-sharing may be an informal arrangement among individuals or a program through an office on aging or other service agency. Just a few formalized home sharing programs exist in North Carolina where people are screened and matched through an office on aging or other service organization.
SELECTING A LONG-TERM CARE FACILITY

• Allow yourself plenty of time to find a suitable home. If you are assisting a loved one in looking for a facility, include him or her in the selection process as much as possible. Consider his or her interests, ideas and wishes.

• Ask friends, relatives, clergy, home health staff and physician about their experiences in particular facilities. If in the hospital, work with the Discharge Planner to find a facility.

• Review the Inspections History of the facilities you are considering.
  • For nursing homes:  www.medicare.gov/nursinghomecompare
  • For adult care homes:  www2.ncdhhs.gov/dhsr/acls/star/search.asp

• Contact the County Department of Social Services to determine if you qualify for financial aid. An FL-2 form must be completed by a physician for all residents entering a nursing home or adult care home. FL-2 forms are available from DSS, hospitals or physicians offices.

• Review the state inspection reports prepared by the Division of Health Services Regulation when evaluating nursing homes. If a nursing home is certified for Medicare and Medicaid, the inspection report should be posted in the facility.

• Contact an Adult Home Specialist at your county Department of Social Services for information on adult care home inspection reports on specific adult care homes. You may also want to contact your county Nursing Home/Adult Care Home Community Advisory Committee or the Regional Ombudsman for information. Call Land of Sky Regional Council at  828-251-6622 or 1-800-727-0557 to get a Community Advisory Committee contact number or to speak with the Regional Ombudsman.

• It is important to visit the home! In addition to arranging a meeting with the administrator or supervisor-in-charge, make unexpected visits on weekends (during visiting hours) and at meal times at the home. Identify yourself to the staff and ask if you might walk through the facility to determine if you or your relative could live there comfortably. Remember to respect the residents’ right to privacy as you visit. Use your eyes, ears, and nose to determine if residents are receiving reasonable, proper care. Ask about the administrator’s and the supervisor’s involvement with the facility and its residents - the hours they are on site, the stability of the staff, and the manner in which problems are solved.

• Choose a home that would be convenient for family members and friends to visit.

• Carefully examine the facility’s contract. Note what services are included and what services (such as beauty shop appointments) require additional fees. Before signing an admission contract with a nursing home, be wary of Pre-Dispute Arbitration Agreements in Long-Term Care Facility. “When consumers sign an arbitration agreement, they sign away forever their constitutional right to a trial by jury. Such a decision should be given careful consideration....” (Resource: The Consumer Voice.) It is recommended that you contact an attorney for more information.

• Ask about any special needs the resident might have. For example, what provision is made for one who is allergic to smoke or one who must have a special diet?

WHAT TO LOOK FOR WHEN VISITING

• Are the residents clean, well groomed, shaved, odor-free, active, communicating with each other, involved in age-appropriate activities, satisfied with the care being provided?

• Does the food look tasty, is it nutritious and served at the proper temperature? Are food servings adequate and appropriate? Are menus posted and followed? Are residents given food choices?

• Do staff interact with residents in a pleasant, cheerful manner, promptly responding to call bells? Is there adequate staff to assure proper care for all residents?

• How are concerns addressed?

• Are the linens, walls, floors, windows and bathrooms clean and free of odors and insects? Are residents allowed/ encouraged to have personal belongings? Is lighting comfortable and appropriate?

• Are activities varied, interesting and age appropriate? Do residents participate in activities outside of the home such as shopping trips and attending church?

</tbody>
</table>

**INTRODUCTION**
THINGS YOU CAN LEARN FROM RESIDENTS AND FAMILIES

1. What is your usual routine? Can you get up and go to bed when you wish?  __________  __________
2. Do you have the same nursing assistant most days? (Does this match the answer to B3?)  __________  __________
3. Are snacks available when you want one? Are they what you want?  __________  __________
4. Do you participate in care planning meetings? Is your opinion valued? (Does this match the answer to B5?)  __________  __________
5. Are care planning conferences held at a time when family members can attend? Do the conferences last until your questions are answered or all of the issues have been taken care of?  __________  __________
6. What happens when you have missing clothing? (Does this match the answer to B8?)  __________  __________
7. Are residents able to get help for going to the toilet within a short period of time?  __________  __________
8. Whom do you go to with problems? What is the response? Are you satisfied?  __________  __________
9. How does staff help you with your personal interests like reading and gardening?  __________  __________
10. Do you get outside as often as you wish?  __________  __________
11. Is there a resident council? How does it work? Who controls the council: residents or staff?  __________  __________
12. Is there a family council? Is it an effective forum for raising concerns and learning what’s happening at the home?  __________  __________
13. What’s the best thing about living here?  __________  __________
14. What’s the worst thing about living here?  __________  __________
15. What makes a day good for you?  __________  __________

INFORMATION YOU CAN OBTAIN

1. Copy of state inspection report – either from the agency which licenses and certifies nursing homes, from the facility itself, or from the Ombudsman.  __________  __________
2. Star Quality Rating. Visit www.medicare.gov  __________  __________
3. Information about the facility from the local Ombudsman or State Ombudsman.  __________  __________
4. Information from family members or friends of residents.  __________  __________
### WHAT TO LOOK FOR WHEN CHOOSING AN ASSISTED LIVING FACILITY

11. Pharmacy, barber/beautician and/or physical therapy services are offered on-site or transportation can be arranged with short notice. YES NO
12. Written plan of care for each resident. YES NO
13. Residence has a process for assessing a potential resident’s need for service. YES NO
14. Residence has a process for ensuring needs and services are reevaluated periodically. YES NO
15. The process includes the resident, his or her family, facility staff, and the resident’s physician. YES NO
16. There is sufficient staff to meet the resident’s needs. YES NO

CONTRACTS, COSTS, AND FINANCES
1. May a contract be terminated? YES NO
2. Is there refund language in the contract? YES NO
3. Are other sources of money available and/or accepted to help pay for service such as government, private, or corporate programs? YES NO
4. If the resident’s needs change, would additional services be available? YES NO
5. If nursing care or other care is needed on a temporary basis, is there a method in place to pay for these services? YES NO
6. Are there different costs for various levels or categories of service? YES NO
7. Are residents required to purchase renters’ insurance for personal property in their units? YES NO
8. Are there any other fees or charges? YES NO
SELECTING A CONTINUING CARE RETIREMENT COMMUNITY

The questions presented below are offered as a starting point to your evaluation of the facilities that you are considering. Use common sense in evaluating this type of facility. Your family member should feel comfortable in the setting. Remember, this may become your family member’s future home.

OBSERVATIONS

1. Do you like how the facility looks? ___________________________ YES NO
2. Is staff helpful as you tour the facility? _______________________
3. Are residents engaged in activities? ___________________________
4. Do residents seem alert and happy? __________________________
5. Is the facility clean and in good repair? _______________________
6. Are there any visible hazards? _______________________________
7. Is the facility in a location that you like? _____________________
8. How far is the nearest grocery and drug store? ________________

ACTIVITIES

1. What activities are offered? _________________________________
2. Are there activities you like to do? __________________________
3. Is there an activities staff person? __________________________
4. Are shopping trips regularly scheduled? _____________________
5. To what degree is transportation provided? __________________
6. How is visiting handled for family and friends? ______________

SERVICES

1. What medical services are offered? __________________________
2. Do they seem adequate for your current and future needs? ______
3. What other services are offered? _____________________________
   Transportation (Set times, On demand, Reservation system)
   Laundry
   Housekeeping
   Library
   Other
4. Are there fees for any of these services? If so, can they be increased in the future? ______________
5. Is there an additional charge for services? __________________
6. What type of facility security is offered? ____________________

CONTRACTS

1. What type of contract is needed? _____________________________
2. Will you own or rent? ______________________________________
3. Is any ownership transferable upon your death? ______________
4. Is there a lump sum fee? _________________________________
5. Is there a monthly charge? _________________________________
6. If there is a monthly charge, what happens if you can’t pay? __
7. If you go into the hospital, will your living space be held? __
8. Are any monthly charges fixed or can they be increased? _______
9. How is routine maintenance handled? _______________________
10. Are utilities included? _________________________________
11. Are there any other fees or charges? _______________________
12. Are you able to change your mind about living at the facility? __
13. How long has the company been in business? ________________
14. Will they provide references? _____________________________
15. How are transfers made to the Assisted Living section? ______
16. What if the Assisted Living section is full when you need it? ___________
17. Does your attorney have any questions for you to ask? _________
Residents of licensed long-term care facilities have basic and special rights under Federal and State law. There is a Nursing Home Bill of Rights and an Adult Care Home Bill of Rights. The Bill of Rights guarantees all residents:

- **RIGHT** to be treated with consideration, respect and full recognition of personal dignity and individuality.
- **RIGHT** to know about and exercise your rights
- **RIGHT** to adequate and appropriate care
- **RIGHT** to know about services and charges
- **RIGHT** to privacy in treatment and care
- **RIGHT** to control your finances
- **RIGHT** to be consulted in planning your medical treatment
- **RIGHT** to confidentiality of medical records
- **RIGHT** to freedom from abuse, neglect, and exploitation
- **RIGHT** to freedom from restraints
- **RIGHT** to express grievances without fear of retaliation
- **RIGHT** pertaining to admission, transfers, and discharges

A local Community Advisory Committee, appointed by county commissioners, and the Regional Long-Term Care Ombudsman work to see that these rights are respected in all of the licensed nursing homes and adult care homes. Ombudsmen and Community Advisory Committees do not visit Multiunit Assisted Housing with Services, Continuing Care Retirement Communities (except for the licensed sections), or Independent Living Communities.

Resident Rights Posters should be prominently displayed in every nursing home, adult care home or family care home. These posters should be in large print and easily read by a person in a wheelchair. They should include the name and contact information of the ombudsman serving the facility. For a copy of the rights contact the Ombudsman Program.
